THREE NEW MEMBERS ON EXECUTIVE BOARD OF RED CROSS

Three new members were welcomed to the Executive Board of the Red Cross, Hancock County Chapter at its first quarterly meeting of the new year held last week.

James Fillingame, Bay St. Louis, was named Chairman of First Aid and Water Safety. An employee of REA and an active worker in scouting, Mr. Fillingame has long been interested in furthering this phase of Red Cross training in this community.

Mrs. Dick Mestayer, Jr., Waveland, a former high school teacher at Kiln, was appointed to the chairmanship of Junior Red Cross which encompasses Red Cross activities carried on in the elementary and secondary schools throughout the city and county. Mrs. Mestayer will be assisted by Mrs. Norman Renshaw, Bay St. Louis.

Mrs. Horace Thompson, Sr., Waveland, who was named to the board as a member-at-large, has been active in various phases of Red Cross volunteer work for a number of years.

Reappointments made by Chaper Chairman J. Cyril Glover were Mrs. W. L. Argus, Bay St. Louis, Chairman of Volunteers and Service Groups Chairman; Miss Alberta Beyer, Bay St. Louis, Grey Ladies, Chairman; C. C. McDonald, Jr., Disaster Chairman; and Mrs. Elizabeth Weston, Executive Secretary.

Others present at the meeting included Kenneth Pepperdene, 1st Vice-Chairman; O. P. Adams, 2nd Vice-Chairman; and Mrs. David McDonald, secretary.

Mr. Pepperdene was presented a certificate for outstanding service issued by John Billings, Area Director of Field Service, Atlanta, for his efforts as chairman of the 1956 Fund Campaign.

Miss Beyer reported that certificates of appreciation were given by the Gulfport VA hospital in recent ceremonies to the following volunteer Grey Ladies: Mrs. Mildred Hava, 300 hours; Mrs. Victor Ducoing, 300 hours; Mrs. Mary Lynn Ansley, 100 hours and Miss Beyer, 1000 hours.

In the 78th and 79th Congress he was named as Chairman of the highly respected Special House Committee on Post-War Economic Policy and Planning, which, as early as 1945, called the turn on Russia's plan to conquer the world through the strategy of cold war.

WAVELAND

WANDERINGS

by

GEORGETTE B. HALL

Congratulations go this week to Arthur Courreges, formerly of Lakewood, and his brother, all from this area, who have announced that their first record, "Think It Over, Please," is now in sale in record shops and to date has sold 500 copies. The disc bears a "Wanda" label. Arthur is the vocalist, accompanied by Duran Johnston, guitar; Tommy and O. G. Moran, fiddles; Lawrence LeFontaine, bass fiddle; and Harold Culver, steel guitar. Everyone hopes that these boys have made a hit record and more will follow to give them fame and fortune.

Birthday greetings are extended to Larry Sauer, Jr., son of Mr. and Mrs. Lawrence Sauer, who celebrated his 18th birthday last Sunday with a beach party at St. Charles Street and the beach. Larry's parents and guests enjoyed a big barbecue, swimmers, burns, potato chips, soft drinks and toasted marshmallows. Games were played and everyone present enjoyed the cool outdoors. Wishing Larry many happy returns were: Lynne Hall, Eileen Cleis, Diane Grass, Gaynell Lagasse, Barbara, Pat and Joan Villere, Phyllis Sauer, Christine Sauer, J. G. Treutel, Albert Grass, Billy Leach and Ned Mocklin, of New Orleans; Edward Collier, Ronny Favre, and Bonnie Sabathier. Mrs. L. A. Sabathier was also present.

Mr. and Mrs. L. A. Sabathier and son, Bonnie, and Mrs. Henry Jorns are vacationing in their Waveland Avenue home for about three weeks.

Gathering together at a fare-well party at George's Sunday evening were about forty friends who bade good-bye to George Ferry, son of Mr. and Mrs. Geo. Ferry, who left for naval training

ELECTRIC POWER PLANT CONSTRUCTION PERMIT GRANTED

Several ceremonies were held recently by an atomic electric power plant development company, the Argonne National Laboratory, to mark the start of construction of the first reactor in one of the nuclear reactors and a other industrial companies which form this group. A permit to start construction was granted recently to ERDC by the Atomic Energy Commission.

The plant was named the Enrico Fermi Reactor. Fermi is a leader of the United Nations atomic physicist who was the first man to demonstrate how the power of the atom could be harnessed for peaceful use. At Altona in 1954, Dr. Fermi predicted that the nation which developed the "reactor" reactor would because of its unique ability to produce more nuclear fuel than a conventional would lead to the peaceful utilization of atomic energy.

The reactor unit of the Enrico Fermi Atomic Power Plant is of the breeder type.

Officials of Mississippi Power Company said that formal incorporation of the project had to await issuance of the AEC construction permit, much progress has already been made. Here are some of the milestones which have been past:

1. Research and development work costing about \$8,000,000 has established the basic plant design. Most of this work has been done by the Atomic Power Development Associates, Inc. Mississippi Power Company is one of the 45 members of this group, with substantial assistance from the AEC's Argonne National Laboratory.

2. Full-scale reactor parts for mechanical testing have been ordered and are being built at a cost of more than \$2,000,000. These include the stainless steel vessel which will enclose the reactor core; heavy shield, control and fuel-handling parts; and a centrifugal pump powered by a 1,000 horsepower motor, capable of driving molten sodium through the reactor at the rate of 11,000 gallons a minute. These parts are intended for actual use in the plant after thorough testing for safety and performance.

3. Preparation of the plant site has been going on for more than three months.

4. Architectural and construction engineering contractors for the reactor plant have begun their work.

5. Detroit Edison has retained construction engineers for a steam turbine plant to be owned and operated by Edison and which will adjoin the reactor unit. The Edison Company will operate the turbine-generator on steam purchased from the reactor plant.

6. The 150,000 kilowatt steam turbine-generator to be used in connection with the reactor plant

white bridal gown of imported Chantilly lace and pleated nylon tulle. The bouffant skirt was fashioned of panels of the lace and the tulle in horizontal folds forming a large panel design that fell over an underskirt of ruffles of the pleated tulle. The skirt featured a cathedral train. The lace waist was embroidered in a leaf design of pearls. Her long veil of silk French illusion was held by a crown of pearls. She carried bride's roses, lilies of the valley, and white orchids which centered her bouquet. Her sister, Mrs. William Rudolph Smith III, was her matron of honor. Bridesmaids included Misses Eugene Taggart, Roger Barba, David Maynan, Misses Joy Weber, and Ethel Elaine Klopf. Mrs. Smith wore a long gown of nylon net and lace fashioned in a very bouffant skirt with ruffles forming a scalloped motif around lace appliques. Her dress was orchid white the maids wore identical gowns of yellow. They carried baskets of spring flowers and wore tiaras of pearls and iridescent to match the colors of the dresses.

William Platt was Mr. Tichener's best man. Groomsmen and ushers included Wilfred Gomila, Jr., Eugene Taggart, David Maynan, Roger Barba, Robert Taggart, Jr., Gene Blossman, John Stamford, William Rudolph Smith III, and Russell Bangs.

Following the wedding a reception was given at Lenfant's Boulevard Room. The young couple left for Florida and then flew to Havana, Cuba. The bride traveled in a white linen suit trimmed in appliques of heavy white lace over black velvet. She wore black and white accessories and a corsage of white orchids.

The Gomila sisters have conducted a dancing school in New Orleans and a dancing school in New Orleans and have made frequent visits to the Gulf Coast.

Balash

White Elephant Booth—Mr.

Mrs. B. C. Davis

Change Booth—Mr. and Mrs. G.

Price, Jr.

Booth Construction and Electrical work—Alfred Serio and Red Hunter.

Another meeting is scheduled

for August 26, at which time braided rugs will be demonstrated by the group. This demonstration will be given by Mrs. Norma Burdette of the Clermont Harbor Club. There will also be a discussion on how to rug.

HOME DEMONSTRATION CLUB ACTIVITIES

Members of the Hancock County Home Demonstration Clubs have not been idle during the summer, even though the clubs have not met during the past two months.

Various groups have met at the air-conditioned office of Miss

Ida Laura Garroway, Home Demonstration Agent, and have accomplished some excellent work.

On July 12, a group supervised by Miss Garroway and Mrs. Philip Hayes completed some fine aluminum trays.

Work by other members has been done on leather tooling,

making bags, etc. An August 1,

a group assembled to make lampshades, and on August 6, Textile

painting was the project of the day, with a sideline of Danish

embroidery. Table linen and doll

clothing were beautifully painted,

with guest towels subject to the

embroidery.

DUET BOWLS

Conditions in the Western States, particularly Colorado, this season are "quite similar" to those during the Dust Bowl years of 1934 and 1935, according to the Agriculture Department.

Drought conditions in previous years have magnified the situation this summer and crop estimates are far below figures reported during the past ten years.

Why Millions Call Him "HOLY FATHER"

atic loyalty to the Pope is the
of never-ending amazement
many non-Catholics.

They wonder how an exclusive
spiritual leader can command
the devotion of nearly four hun-
dred millions of people. They can-
not explain why this was religious
only... representing every race,
language and political be-
on the face of the earth...
and grows through the ages,
man-made empires have
day of glory and then dis-

What is there about this one
that causes people to speak
him in a hundred tongues as
Holy Father?

We find the answer, of course,
necessarily in the holiness of
man himself, but in his Christ-
ian office. The answer is found
tracing the history of the Cath-
olic Church... the history of 262
Pope... back through
2,000 years to Jesus Christ
itself.

We know as a matter of histor-
y that Christ did establish
his Church... that He commis-
sioned the Apostle Peter as its first
... that He sent His Apostles
to teach men to observe all
things He had commanded.

We know from the New Testa-
ment that the Church was actually
organized... that it was governed
by the Apostles under the leader-
ship of Peter... that it was teach-
ing Christ's truth far and wide,
long before the last book of the
New Testament was written and
the books of the Bible were col-
lected into one volume.

Christ's purpose in organizing
the Church was to make certain
that the good news of Redemption
would be preached to all men...
even to the end of the world. To

accomplish this with fallible men,
required that He establish a Church
divinely protected from error in
transmitting His teaching through
the centuries.

The Catholic Church traces its
unbroken history back to the
Apostles—back to Christ. And
Catholics today call Pope Pius XII
"Holy Father" because he is the
lawful and historical successor to
Peter, the first Pope. He is in our
time... as Peter was in the first
century... the Vicar of Christ on
earth.

Would you like to know more
about the Pope... why the prom-
ises made by Christ to Peter and
his successors make the Pope the
most important man in the world?
Then write today for a pamphlet
which we shall send you free, in
a plain wrapper. And nobody will
call on you. Ask for Pamphlet

TAXPAYERS OF
WAVELAND

The undersigned members of the Election Commission have been ordered by the Board of Mayor and Aldermen of the Town of Waveland, Hancock County, Mississippi, to hold a special election on September 13, 1956, for the purpose of electing an Alderman for the Second Ward of the Town of Waveland, Mississippi; said election to be held to fill the vacancy in said office created by the death of William Bourgeois.

NOW THEREFORE notice is hereby given that there will be held an election in said Town of Waveland, Hancock County, Mississippi, as provided by the charter of the Town of Waveland, Mississippi, and the pertinent statutes, on the subject of the State of Mississippi, on Saturday, September 15th, 1956, to fill the vacancy created by the death of William Bourgeois, Alderman of the Second Ward, of the Town of Waveland.

All parties desiring to be can-

didates in said election must file

their application, as by law pro-

vided, to be a candidate with any

member of the Election Com-

mission, on or prior to midnight of

Thursday, August 30th, 1956.

2:01 PM 8:46 PM

It has been TOO HOT even for

fishing. Very few fish were

caught over the weekend accord-

ing to reports from local fisher-

men. The tides will change this

week and may help fishing a lot.

something is wrong somewhere.

Edward Fayard, bridge tender

on the railroad bridge, states that

some mackerel are being caught

Jimmy keeps his boat at the

North end of the seawall.

Mr. Fuchs a weekly fisherman

up Jordan River was out Satur-

day, but said he did not do so

good. He usually gets his share.

Nino Enterante will be in Baton

Rouge for a few days where he

is attending Boys' State. Nino

was selected to represent his

school.

Dr. Billy Matthews and Joe

Folse played golf Sunday at

Pass Christian Isles Golf Course.

They are ardent golfers and had a

good round.

A split dove season of 55 days

has been selected within the

framework of days as permitted by

the Fish and Wildlife Ser-

vice by the Game and Fish Com-

mission, according to Rex Mc-

Raney, Executive Director.

The three-way golf tourney at

the Isles was a grand success.

Players from Hattiesburg and

Pascagoula were matched with

local golfers and some hot match-

ches were recorded. Among the

local golfers were Bob Genin, Sr.

Robert Genin, Jr., C. C. McDon-

ald, and C. C. McDon-

ald.

FAVORS UNIT SYSTEM

Installation to make the unit system of road construction and maintenance optional will be suggested by the Mississippian Economic Council in the future. Fred W. Smith, president of MEC, announced Mr. Smith said the Council was on record as favoring the county unit method for all counties, but recent recommendations by the board of directors, resulting from policy change to the committee, headed by Orrin

Smith of Jackson, and the committee on public administration and taxation, headed by H. Vaughn and Walling, Jr., of Jackson, both recommended that it would be more practical to establish the system as an optional basis.

Legislation making the system optional would clearly spell out what is meant by the county unit system, Mr. Smith said. He said legislation to carry out the intent of the new MEC policy has not yet been prepared.

During the coming months, a special educational campaign on the subject will be carried out under the direction of Owen Cooper, Executive Vice-President of the Mississippi Chemical Corporation at Yazoo City. The program will include publication of literature, and talks before civic groups on the subject.

Look Out For Tenants

Motorist—"Some of you pedestrians walk as if you owned the streets."

Pedestrian—"Yes, and some of you motorists drive as if you owned your cars."

SEEK BAY ST. LOUIS CHESS PLAYERS

The Gulf Coast Chess Association will be in the Gold Room of Markham Hotel Sunday. Lester Bounds of Hattiesburg, fifth ranked player in the state, was a visitor. Mr. Bounds expressed the desire on the part of the Hattiesburg chess players for a tournament between Hattiesburg and the coast.

D. E. Sullivan, president of the Gulf Coast Chess Assoc., announced a Postal Chess Tournament to determine the Champion of Mississippi. The tournament is sponsored by the Mississippi Chess Association. The entrance fee is \$1.25 which includes membership in the M. C. A. Entries should be sent to Mr. Poynter Crowder, 545 S. Main, Greenville, Mississippi, no later than September 10.

Mr. Sullivan also pointed out that more players were desired

Travel Shifts Into High Gear

THE COAST TOMORROW—Italian designers have come up with a futuristic bus creation which they claim will cruise over the roads at 110 mph. To be powered with a gas turbine engine, one of the planned models will carry up to 30 passengers.

LONGEST ROAD IN THE WORLD

The Kansas Turnpike, terminating in this wheatfield on the Oklahoma-Kansas border is, at present, a road with no end, but not for long. Just as soon as Oklahoma allocates the necessary funds, the new four-lane superhighway will knife its way through the farmer's field and he'll have the new, faster road to get his grain to market.

MAN BEFORE THE HORSE?

Transportation shades of the past are recorded here, in reverse, as a London dock worker acts as the beast of burden to a valuable polo pony. The animal appears to be enjoying the novelty of watching the man do the work. (United Press Photos)

ROADS FOR TRANSPORTATION—Earthmoving equipment such as these international servitors, make very necessary to most forms of transportation. Before sleek automobiles and streamlined buses can skip over the ribbons of concrete and asphalt, high-speed earthmovers and crawler-type tractors, must first make the roadbeds. Fleets of equipment similar to these units, move millions of yards of rock and dirt in incredibly short spans of time and at surprisingly low costs.

The Soviet Union recently assembled Euratom the projected West European atomic energy in proposing a European conference to form a new international body to develop the peaceful uses of nuclear energy.

Two Gripe

And Apt to Get It'
The glass had scarcely sprouted on his wife's grave before Attorney Jenkins was out courting another woman.—The Flight Log, Ala.

COMFORT...

with vented, automatic **GAS HEATING**

You'll be mighty glad — come January — that we made this suggestion. If you're one of those folks still using individual room heaters, this is the time to cure your heating ills with a central gas heating system. Enjoy uniform filtered heat in every room, free of drafts and cold spots... the kind of heat that eliminates sweating on windows and walls. Ask your heating dealer about your particular heating problems, or talk to a heating engineer at your local gas company. Don't say we didn't remind you!
